- D. Notwithstanding subparagraph A(1), the TIN is not required to be reported if
- (i) a TIN is not issued by the relevant Reportable Jurisdiction or

domestic law of the relevant Reportable Jurisdiction does not require the collection of the TIN issued by such Reportable Jurisdiction.

- E. Notwithstanding subparagraph A(1), the place of birth is not required to be reported unless the Reporting Financial Institution is otherwise required to obtain and report it under domestic law and it is available in the electronically searchable data maintained by the Reporting Financial Institution.

Section II: General Due Diligence Requirements

- A. An account is treated as a Reportable Account beginning as of the date it is identified as such pursuant to the due diligence procedures in Sections II through VII and, unless otherwise provided, information with respect to a Reportable Account must be reported annually in the calendar year following the year to which the information relates.
- B. A Reporting Financial Institution, which pursuant to the procedures described in Sections II through VII, identifies any account as a Foreign Account that is not a Reportable Account at the time the due diligence is performed, may rely on the outcome of such procedures to comply with future reporting obligations.
- C. The balance or value of an account is determined as of the last day of the calendar year or other appropriate reporting period.
- D. Where a balance or value threshold is to be determined as of the last day of a calendar year, the relevant balance or value must be determined as of the last day of the reporting period that ends with or within that calendar year.
- E. Reporting Financial Institutions may apply the due diligence procedures for New Accounts to Preexisting Accounts, and the due diligence procedures for High Value Accounts to Lower Value Accounts. Where New Account due diligence procedures are used for Preexisting Accounts, the rules otherwise applicable to Preexisting Accounts continue to apply.

Section III: Due Diligence for Preexisting Individual Accounts

The following procedures apply with respect to Preexisting Individual Accounts.

- A. **Accounts Not Required to be Reviewed, Identified, or Reported.**
A Preexisting Individual Account that is a Cash Value Insurance Contract or an

Annuity Contract is not required to be reviewed, identified or reported, provided the Reporting Financial Institution is effectively prevented by law from selling such Contract to residents of a Reportable Jurisdiction.

B. Lower Value Accounts. The following procedures apply with respect to Lower Value Accounts.

1. **Residence Address.** If the Reporting Financial Institution has in its records a current residence address for the individual Account Holder based on Documentary Evidence, the Reporting Financial Institution may treat the individual Account Holder as being a resident for tax purposes of the jurisdiction in which the address is located for purposes of determining whether such individual Account Holder is a Reportable Person.
2. **Electronic Record Search.** If the Reporting Financial Institution does not rely on a current residence address for the individual Account Holder based on Documentary Evidence as set forth in subparagraph B(1), the Reporting Financial Institution must review electronically searchable data maintained by the Reporting Financial Institution for any of the following indicia and apply subparagraphs B(3) through (6):
 - a) identification of the Account Holder as a resident of a Foreign Jurisdiction;
 - b) current mailing or residence address (including a post office box) in a Foreign Jurisdiction;
 - c) one or more telephone numbers in a Foreign Jurisdiction and no telephone number in the jurisdiction of the Reporting Financial Institution;
 - d) standing instructions (other than with respect to a Depository Account) to transfer funds to an account maintained in a Foreign Jurisdiction;
 - e) currently effective power of attorney or signatory authority granted to a person with an address in a Foreign Jurisdiction; or
 - f) a “hold mail” instruction or “in-care-of ” address in a Foreign Jurisdiction if the Reporting Financial Institution does not have any other address on file for the Account Holder.
3. If none of the indicia listed in subparagraph B(2) are discovered in the electronic search, then no further action is required until there is a change in circumstances that results in one or more indicia being associated with the account, or the account becomes a High Value Account.

4. If any of the indicia listed in subparagraph B(2)(a) through (e) are discovered in the electronic search, or if there is a change in circumstances that results in one or more indicia being associated with the account, then the Reporting Financial Institution must treat the Account Holder as a resident for tax purposes of each Foreign Jurisdiction for which an indicium is identified, unless it elects to apply subparagraph B(6) and one of the exceptions in such subparagraph applies with respect to that account.
5. If a “hold mail” instruction or “in-care-of ” address is discovered in the electronic search and no other address and none of the other indicia listed in subparagraph B(2)(a) through (e) are identified for the Account Holder, the Reporting Financial Institution must, in the order most appropriate to the circumstances, apply the paper record search described in subparagraph C(2), or seek to obtain from the Account Holder a self-certification or Documentary Evidence to establish the residence(s) for tax purposes of such Account Holder. If the paper search fails to establish an indicium and the attempt to obtain the self-certification or Documentary Evidence is not successful, the Reporting Financial Institution must report the account as an undocumented account.
6. Notwithstanding a finding of indicia under subparagraph B(2), a Reporting Financial Institution is not required to treat an Account Holder as a resident of a Foreign Jurisdiction if:
 - a) the Account Holder information contains a current mailing or residence address in the Foreign Jurisdiction, one or more telephone numbers in the Foreign Jurisdiction (and no telephone number in the jurisdiction of the Reporting Financial Institution) or standing instructions (with respect to Financial Accounts other than Depository Accounts) to transfer funds to an account maintained in a Foreign Jurisdiction, the Reporting Financial Institution obtains, or has previously reviewed and maintains a record of:
 - i) A self-certification from the Account Holder of the jurisdiction(s) of residence of such Account Holder that does not include such Foreign Jurisdiction; and
 - ii) Documentary evidence establishing the Account Holder’s residence for tax purposes other than such Foreign Jurisdiction.

b) the Account Holder information contains a currently effective power of attorney or signatory authority granted to a person with an address in a Foreign Jurisdiction, the Reporting Financial Institution obtains, or has previously reviewed and maintains a record of:

- i)* A self-certification from the Account Holder of the jurisdiction(s) of residence of such Account Holder that does not include such Foreign Jurisdiction; or
- ii)* Documentary evidence establishing the Account Holder's residence for tax purposes other than such Foreign Jurisdiction.

C. Enhanced Review Procedures for High Value Accounts. The following enhanced review procedures apply with respect to High Value Accounts.

- 1. Electronic Record Search.** with respect to High Value Accounts, the Reporting Financial Institution must review electronically searchable data maintained by the Reporting Financial Institution for any of the indicia described in subparagraph B(2).
- 2. Paper Record Search.** If the Reporting Financial Institution's electronically searchable databases include fields for, and capture all of the information described in, subparagraph C(3), then a further paper record search is not required. If the electronic databases do not capture all of this information, then with respect to a High Value Account, the Reporting Financial Institution must also review the current customer master file and, to the extent not contained in the current customer master file, the following documents associated with the account and obtained by the Reporting Financial Institution within the last five years for any of the indicia described in subparagraph B(2):
 - a)* the most recent Documentary Evidence collected with respect to the account;
 - b)* the most recent account opening contract or documentation;
 - c)* the most recent documentation obtained by the Reporting Financial Institution pursuant to AML/KYC Procedures or for other regulatory purposes;
 - d)* any power of attorney or signature authority forms currently in effect; and
 - e)* any standing instructions (other than with respect to a Depository Account) to transfer funds currently in effect.

3. Exception To The Extent Databases Contain Sufficient Information. A Reporting Financial Institution is not required to perform the paper record search described in subparagraph C(2) to the extent the Reporting Financial Institution's electronically searchable information includes the following:

- a) the Account Holder's residence status;
- b) the Account Holder's residence address and mailing address currently on file with the Reporting Financial Institution;
- c) the Account Holder's telephone number(s) currently on file, if any, with the Reporting Financial Institution;
- d) in the case of Financial Accounts other than Depository Accounts, whether there are standing instructions to transfer funds in the account to another account (including an account at another branch of the Reporting Financial Institution or another Financial Institution);
- e) whether there is a current "in-care-of " address or "hold mail" instruction for the Account Holder; and
- f) whether there is any power of attorney or signatory authority for the account.

4. Relationship Manager Inquiry for Actual Knowledge. In addition to the electronic and paper record searches described above, the Reporting Financial Institution must treat as a Reportable Account any High Value Account assigned to a relationship manager (including any Financial Accounts aggregated with that High Value Account) if the relationship manager has actual knowledge that the Account Holder is a Reportable Person.

5. Effect of Finding Indicia.

- a) If none of the indicia listed in subparagraph B(2) are discovered in the enhanced review of High Value Accounts described above, and the account is not identified as held by a resident for tax purposes in a Foreign Jurisdiction in subparagraph C(4), then further action is not required until there is a change in circumstances that results in one or more indicia being associated with the account.
- b) If any of the indicia listed in subparagraph B(2)(a) through (e) are discovered in the enhanced review of High Value Accounts described above, or if there is a subsequent change in circumstances that results in one or more indicia being associated with the account, then the Reporting Financial Institution must treat the Account Holder as a resident for tax purposes of each Foreign Jurisdiction for which an indicium is identified unless it elects to apply subparagraph B(6) and one

- of the exceptions in such subparagraph applies with respect to that account.
- c) If a “hold mail” instruction or “in-care-of” address is discovered in the enhanced review of High Value Accounts described above, and no other address and none of the other indicia listed in subparagraph B(2)(a) through (e) are identified for the Account Holder, the Reporting Financial Institution must obtain from such Account Holder a self-certification or Documentary Evidence to establish the residence(s) for tax purposes of the Account Holder. If the Reporting Financial Institution cannot obtain such self-certification or Documentary Evidence, it must report the account as an undocumented account.
6. If a Preexisting Individual Account is not a High Value Account as of 31 December 2015, but becomes a High Value Account as of the last day of a subsequent calendar year, the Reporting Financial Institution must complete the enhanced review procedures described in paragraph C with respect to such account within the calendar year following the year in which the account becomes a High Value Account. If based on this review such account is identified as a Reportable Account, the Reporting Financial Institution must report the required information about such account with respect to the year in which it is identified as a Reportable Account and subsequent years on an annual basis, unless the Account Holder ceases to be a Reportable Person.
7. Once a Reporting Financial Institution applies the enhanced review procedures described in paragraph C to a High Value Account, the Reporting Financial Institution is not required to re-apply such procedures, other than the relationship manager inquiry described in subparagraph C(4), to the same High Value Account in any subsequent year unless the account is undocumented where the Reporting Financial Institution should re-apply them annually until such account ceases to be undocumented.
8. If there is a change of circumstances with respect to a High Value Account that results in one or more indicia described in subparagraph B(2) being associated with the account, then the Reporting Financial Institution must treat the account as a Reportable Account with respect to each Foreign Jurisdiction for which an indicium is identified unless it elects to apply subparagraph B(6) and one of the exceptions in such subparagraph applies with respect to that account.
9. A Reporting Financial Institution must implement procedures to ensure that a relationship manager identifies any change in circumstances of an account. For example, if a relationship manager is notified that the Account Holder

has a new mailing address in a Foreign Jurisdiction, the Reporting Financial Institution is required to treat the new address as a change in circumstances and, if it elects to apply subparagraph B(6), is required to obtain the appropriate documentation from the Account Holder.

D. Review of Preexisting High Value Individual Accounts must be completed by 31 December 2016. Review of Preexisting Lower Value Individual Accounts must be completed by 31 December 2017.

E. Any Preexisting Individual Account that has been identified as a Reportable Account under this Section must be treated as a Reportable Account in all subsequent years, unless the Account Holder ceases to be a Reportable Person.

Section IV: Due Diligence for New Individual Accounts

The following procedures apply with respect to New Individual Accounts.

- A. With respect to New Individual Accounts, upon account opening, the Reporting Financial Institution must obtain a self-certification, which may be part of the account opening documentation, that allows the Reporting Financial Institution to determine the Account Holder's residence(s) for tax purposes and confirm the reasonableness of such self-certification based on the information obtained by the Reporting Financial Institution in connection with the opening of the account, including any documentation collected pursuant to AML/KYC Procedures.
- B. If the self-certification establishes that the Account Holder is resident for tax purposes in a Reportable Jurisdiction, the Reporting Financial Institution must treat the account as a Reportable Account and the self-certification must also include the Account Holder's TIN with respect to such Reportable Jurisdiction (subject to paragraph D of Section I) and date of birth.
- C. If there is a change of circumstances with respect to a New Individual Account that causes the Reporting Financial Institution to know, or have reason to know, that the original self-certification is incorrect or unreliable, the Reporting Financial Institution cannot rely on the original self-certification and must obtain a valid self-certification that establishes the residence(s) for tax purposes of the Account Holder.

Section V: Due Diligence for Preexisting Entity Accounts

The following procedures apply with respect to Preexisting Entity Accounts.

- A. **Entity Accounts Not Required to Be Reviewed, Identified or Reported.** Unless the Reporting Financial Institution elects otherwise, either with respect to all Preexisting Entity Accounts or, separately, with respect to any clearly identified group of such accounts, a Preexisting Entity Account with an aggregate account balance or value that does not exceed USD 250 000 as of 31 December 2015, is not required to be reviewed, identified, or reported as a Reportable Account until the aggregate account balance or value exceeds USD 250 000 as of the last day of any subsequent calendar year.
- B. **Entity Accounts Subject to Review.** A Preexisting Entity Account that has an aggregate account balance or value that exceeds USD 250 000 as of 31 December 2015, and a Preexisting Entity Account that does not exceed USD 250 000 as of 31 December 2015 but the aggregate account balance or value of which exceeds USD 250 000 as of the last day of any subsequent calendar year, must be reviewed in accordance with the procedures set forth in paragraph D.
- C. **Review Procedures for Identifying Entity Accounts With Respect to Which Reporting may be Required.** For Preexisting Entity Accounts described in paragraph B, a Reporting Financial Institution must apply the following review procedures:
1. **Determine the Residence of the Entity.**
 - a) Review information maintained for regulatory or customer relationship purposes (including information collected pursuant to AML/KYC Procedures) to determine the Account Holder's residence. For this purpose, information indicating that the Account Holder's residence includes a place of incorporation or organisation, or an address in a Foreign Jurisdiction.
 - b) If the information indicates that the Account Holder is a Reportable Person, the Reporting Financial Institution must treat the account as a Reportable Account unless it obtains a self-certification from the Account Holder, or reasonably determines based on information in its possession or that is publicly available, that the Account Holder is not a Reportable Person.
 2. **Determine the Residence of the Controlling Persons of a Passive NFE.** With respect to an Account Holder of a Preexisting Entity Account (including an Entity that is a Reportable Person), the Reporting Financial

Institution must determine whether the Account Holder is a Passive NFE with one or more Controlling Persons and determine the residence of such Controlling Persons. If any of the Controlling Persons of a Passive NFE is a Reportable Person, then the account is treated as a Reportable Account. In making these determinations the Reporting Financial Institution must follow the guidance in subparagraphs C(2)(a) through (c) in the order most appropriate under the circumstances.

- a) **Determining whether the Account Holder is a Passive NFE.** For purposes of determining whether the Account Holder is a Passive NFE, the Reporting Financial Institution must obtain a self-certification from the Account Holder to establish its status, unless it has information in its possession or that is publicly available, based on which it can reasonably determine that the Account Holder is an Active NFE or a Financial Institution other than an Investment Entity described in subparagraph A(6)(b) of Section VIII that is not a Participating Jurisdiction Financial Institution.
- b) **Determining the Controlling Persons of an Account Holder.** For the purposes of determining the Controlling Persons of an Account Holder, a Reporting Financial Institution may rely on information collected and maintained pursuant to AML/KYC Procedures.
- c) **Determining the residence of a Controlling Person of a Passive NFE.** For the purposes of determining the residence of a Controlling Person of a Passive NFE, a Reporting Financial Institution may rely on:
 - i) information collected and maintained pursuant to AML/KYC Procedures in the case of a Preexisting Entity Account held by one or more NFEs with an aggregate account balance or value that does not exceed USD 1,000,000; or
 - ii) a self-certification from the Account Holder or such Controlling Person of the jurisdiction(s) in which the Controlling Person is resident for tax purposes. If a self-certification is not provided, the Reporting Financial Institution will establish such residence(s) by applying the procedures described in paragraph C of Section III.

D. Timing of Review and Additional Procedures Applicable to Preexisting Entity Accounts.

1. Review of Preexisting Entity Accounts with an aggregate account balance or value that exceeds USD 250,000 as of 31 December 2015

must be completed by 31 December 2017.

2. Review of Preexisting Entity Accounts with an aggregate account balance or value that does not exceed USD 250 000 as of 31 December 2015, but exceeds USD 250 000 as of 31 December of a subsequent year, must be completed within the calendar year following the year in which the aggregate account balance or value exceeds USD 250 000.
3. If there is a change of circumstances with respect to a Preexisting Entity Account that causes the Reporting Financial Institution to know, or have reason to know, that the self-certification or other documentation associated with an account is incorrect or unreliable, the Reporting Financial Institution must re-determine the status of the account in accordance with the procedures set forth in paragraph C.

Section VI: Due Diligence for New Entity Accounts

The following procedures apply with respect to New Entity Accounts.

A. Review Procedures for Identifying Entity Accounts With Respect to Which Reporting may be Required. For New Entity Accounts, a Reporting Financial Institution must apply the following review procedures:

1. **Determine the residence of the Entity.**
 - a) Obtain a self-certification, which may be part of the account opening documentation, that allows the Reporting Financial Institution to determine the Account Holder's residence(s) for tax purposes and confirm the reasonableness of such self-certification based on the information obtained by the Reporting Financial Institution in connection with the opening of the account, including any documentation collected pursuant to AML/KYC Procedures. If the Entity certifies that it has no residence for tax purposes, the Reporting Financial Institution may rely on the address of the principal office of the Entity to determine the residence of the Account Holder.
 - b) If the self-certification indicates that the Account Holder is resident in a Reportable Jurisdiction, the Reporting Financial Institution must treat the account as a Reportable Account unless it reasonably determines based on information in its possession or that is publicly available, that the Account Holder is not a Reportable Person with respect to such Reportable Jurisdiction.
2. **Determine the Residence of the Controlling Persons of a Passive NFE.**

With respect to an Account Holder of a New Entity Account (including an Entity that is a Reportable Person), the Reporting Financial Institution must identify whether the Account Holder is a Passive NFE with one or more Controlling Persons and determine the residence of such Reportable Persons. If any of the Controlling Persons of a Passive NFE is a Reportable Person, then the account must be treated as a Reportable Account. In making these determinations the Reporting Financial Institution must follow the guidance in subparagraphs A(2)(a) through (c) in the order most appropriate under the circumstances.

- a) **Determining whether the Account Holder is a Passive NFE.** For purposes of determining whether the Account Holder is a Passive NFE, the Reporting Financial Institution must rely on a self-certification from the Account Holder to establish its status, unless it has information in its possession or that is publicly available, based on which it can reasonably determine that the Account Holder is an Active NFE or a Financial Reporting Financial Institution other than an Investment Entity described in subparagraph A(6)(b) of Section VIII that is not a Participating Jurisdiction Financial Institution.
- b) **Determining the Controlling Persons of an Account Holder.** For purposes of determining the Controlling Persons of an Account Holder, a Reporting Financial Institution may rely on information collected and maintained pursuant to AML/KYC Procedures.
